Gemtree gsm

Crowned “Best Grenache” at the world’s master winemakers Top 100 awards.

Coming into the colder months, join us in celebrating this little gem of a wine. It is on the lighter side compared to other GSM’s, smooth with a subtle finish making it an ideal wine for people wanted to explore red wines. Certified organic and biodynamic, it is easy on the head because 1 glass is never really enough to appreciate a great wine, is it?
